Make your own lined envelopes

+

=

1) Choose an envelope
(e.g. 4BAR, A2, A6 etc.)

2) Insert liner into the envelope

3) Position the liner just underneath the gummed edge of the flap. Crease the paper along the score in the flap, and then glue it into place.

Please Note: Only a few dots of glue at the top is sufficient to keep the liner in place.

Computer screens do not always present real colors accurately. The answer to this problem is our Swatch Book. In addition to complete color samples this **Swatch Book** includes the information about our full line of products where you’ll encounter hundreds of fabulous choices.

Use color as a way of expressing your personality and style. You can use Soho’s colors for unique types of text paper, cardstock, different colors, weights, patterns and textures in Matte, Metallic, Patterns, Translucent and Duplex families.

Add elegance and make a great impression with your invites by using our new laser cutting technology. **How does it work?**

Once your design is ready, you simply have to prepare your file (.ai, .indd or .pdf format) and send it to our email address (**customlasercut@gmail.com**) for custom cut. We will review your file and provide you with a price quote within 24 hours!

Your satisfaction is very important to us. We can even send you a single sample upon request before proceeding with your order. The standard time to fulfill any order is 3-5 business days.

Please visit our website for more information on material handling, file creation, proof and pricing.
